Dear Sir:

Replying to yours of the 16' last  
I will say - I am in the business on a  
very small scale, just about what I can  
handle my self. growing, selling, and delivering  
as a side line, do not issue any Catalogue.

My stock at the present time consists of  
about 7000 peach trees, 10,000 berry plants  
of Raspberries and Strawberries, 2000 Cal.  
Pine, a few of each of Currant, Gooseberries.  
Grape, and roses. The varieties of this stock  
are of the leading standard sorts. No novelties,  
or tests. I will be very glad at any time  
to give you any information I can  
Yours truly
